

The World Baseball Academy
PHILOSOPHY ON INSTRUCTION!

The World Baseball Academy is very **passionate** about using the game of baseball to impact the lives of our future leaders. We see the game of baseball as a tool to help instill confidence and build strong character in young people that will ultimately impact their community well beyond the playing field.

We also feel a very strong responsibility to properly educate young athletes on the game of baseball so they are equipped with the tools of success in order to become confident within the game itself.

Our philosophy is simple. Empower players with the knowledge and motivation to achieve great things and watch them take off!
