## 2011 Eric Wedge Baseball Camps

The **2011 Eric Wedge Baseball Camps** set a new record with having over 330 players in attendance on Saturday, February 5<sup>th</sup> at The ASH Centre!

We want to send out a very large "Thank You" to our **volunteer staff** of instructors and administrators who made these camps the success that they have become! Also, we want to continue to make our community aware of Eric Wedge's efforts and energy as he donates **ALL** of his time to make the camps an impact on the young people who participate.

In the seven year history we have now had over 2,300 players attend the Eric Wedge Baseball Camps!

The message of these camps is focused on helping young people develop their talents on the field but more importantly reinforcing life skills that carry well beyond the field and into their classroom and everyday life!

"I'm proud to be a part of something special that encourages young people and that gives back to a community that has given so much to me." - Seattle Mariners Manager, Eric Wedge.
