WBA's passion for developing young people inspires us to reach all kids, not just those whose families can afford baseball lessons and teams, or those who are capable of mainstream competitive sports. That's why we created On Deck.

**On Deck programs serve at-risk boys and girls ages 5-18 to help them reach their full potential, overcoming challenges including socioeconomic status and intellectual or physical disability.**

Opportunities to learn, be mentored, and to serve are offered at no cost to families, thanks to the support of donors who care about kids.
